

Power Headrest

1699990001

Headrest Plus is required with this product.

Independently operated head and leg rest support

Power Headrest is a perfect component companion for chairs that need a little bit more head support. With a simple press of a button, the headrest will rise to a natural resting position for individual seating comfort. Once finished, just press the button again to lower the headrest to a closed position.

Control Options

- 4-Button wired Optima handset.
- 4-Button Pure Switch.
